Experience

Laboratory Assistant & Teaching Mentor
Universitas Muhammadiyah Jakarta
November 2025 – January 2026

- Assisted students during laboratory sessions and practical activities.
- Guided students in understanding technical concepts and completing assignments.

Head of Science and Technology Department
HMIF – Informatics Engineering Student Association
November 2024 – July 2025

- Led and coordinated department programs and technology-related activities.
- Managed team members and supported the implementation of departmental initiatives.

PKM-GFT Team Chair
Universitas Muhammadiyah Jakarta
June 2025

- Led a team in the 2025 National PKM-GFT program.
- Developed a concept for an automated security system using holographic projection technology.

Data Science & Generative AI Participant – MSIB
Celerates Acceleration Mastery Program – PT Mitra Talenta Grup
March 2025 – June 2025

- Applied Python, machine learning, NLP, and Generative AI concepts in an end-to-end final project developed during the Data Science & Generative AI program.

Skills

Technical Skills

- Network management
- Network security
- Network device management
- Network monitoring

Interpersonal Skills

- Team collaboration
- Time management
- Responsibility
- Problem Solving

Summary

Informatics Engineering graduate focused on network administration and IT infrastructure, with hands-on exposure to network configuration, troubleshooting, and system administration, supported by BNSP Network Administrator and Alibaba Cloud certifications. Possessing a solid foundation in network configuration, troubleshooting, and system administration, I am disciplined, responsible, and a fast learner with strong communication and problem-solving skills. Eager to develop technical knowledge, gain hands-on experience, and continuously learn new technologies in the IT industry.

Education

Computer and Network Engineering
Ihsanul Fikri Vocational High School
2019 - 2021

Bachelor of Computer Science
University of Muhammadiyah Jakarta
2022 - 2026

Certification

BNSP Network Administrator Certification 2025 - 2028

Alibaba Cloud – Operate and Manage a Cloud Server 2025 - 2027

Alibaba Cloud – Cloud Platform Security Overview 2025 - 2027

MTCNA (MikroTik Certified Network Associate) 2018 - 2023
